

Product Information – Release Bearing 500 0035 10

Manufacturer:
BMW

LuK AS Part No.: 500 0035 10

OE-No.:

- 21 51 1 204 419
- 21 51 1 207 275
- 21 51 1 208 423
- 21 51 1 223 168
- 21 51 1 223 366
- 21 51 1 225 203
- 21 51 2 225 619

To enhance the comfort of clutch operation when engaging, the release bearing **500 0035 10** is designed with a floating thrust bearing face (**arrow**).

The release assembly consists of a conventional release bearing and a floating face plate which is snapped onto the bearing housing. Together they make the release bearing assembly. Prior to fitting, the floating face plate is loose and can be moved on the bearing.

Note: This is **not** a defect.

Fig. 1: 500 0035 10

 Neither the floating face plate, nor the bearing housing should be lubricated, as this would impair the function of the sliding surface due to gumming.

Appropriate spare parts can be found in our on-line catalogue at www.Schaeffler-Aftermarket.com or at www.RepXpert.com.
