

## Wheel hubs for Iveco Daily I+II

### The advantages at a glance:

- The wheel bearing play is preset therefore no manual adjustment required
- The lifetime grease filling ensures maintenance-free operation
- Extended service life due to optimum sealing against the ingress of dirt and moisture
- febi bilstein offers wheel hubs with and without ABS ring

### febi bilstein offers the required quality:

- The wheel hubs are manufactured in-house at our production facilities in Ennepetal in accordance with strict requirements for precision and fitting safety
- The functional dimensions are guaranteed by in-house production, machining and quality assurance
- Additional examinations of the material and structure ensure absolute certainty when selecting the cast material
