

Blue Print Bulletin

ADA100101 Sump Plug Technical Bulletin

Date Issued: 04/07/08

ADA100101 is a composite sump plug. The main body and thread of the plug consists of a softer material than that of the sump pan. It is produced this way to avoid damage to the thread on the pan itself and therefore the plug is a consumable.

With this in mind the sump plug is not re-usable and we strongly recommend the part should be replaced on **every** oil change.

ADA100101 fits the following applications:

Chrysler Grand Voyager / Chrysler Voyager / Jeep Cherokee / Jeep Wrangler / Dodge Ram / Jeep Grand Cherokee
