Application – Rear Leaf Spring

Part number ADC48804.

We have now changed the Rear Leaf Spring application for the Mitsubishi L200 K74 model to "Refer".

This is because this model can be fitted with a variety of different specifications of Leaf Springs depending on model type.

The only way to identify the correct Leaf Spring is by using the vehicle's full chassis number to obtain the OE number of the leaf Spring.

The full vehicle chassis number must be supplied to the Blue Print Technical department (Phone number **01622 833004**) to identify the correct Leaf Spring part number.
